

## Cavendish Flexible Points - 1st April 2026

Our flexible membership is primarily designed for the infrequent, off-peak golfer but also suit those who wish to play some competitive golf at peak times. Unlike 5 day members, flexible members can play at the weekends although the cost per round is higher.

Members who join as flexible members and find themselves playing more than expected may upgrade to a full membership category at anytime during the year.

Flexible membership points cannot be carried over from one membership year to another.

### Flexible Points Matrix
